NARCITY

The best part is, you'll even get to visit the underground tunnels beneath Spadina, which few Torontonians get to explore! The performances will be running up until Halloween (Oct. 31st) so be sure to get your tickets soon.

This would make an awesome date night activity, or a great way to explore a historical part of the city with a group of friends.

If you're looking the the ultimate fall activity to get you in the Halloween spirit, you've found it!
